To whom it may concern,

The Breast Cancer Society of Canada considers it a privilege to have the support of **B2 Fashions Inc.** A percentage of the wholesale price of their “**Elite Pink Ribbon Collection**” is generously donated to the Society to support much needed breast cancer research.

Donations to the Breast Cancer Society of Canada make a difference to all women. Due to research, breast cancer survival rates are greatly improved. Every day we are contacted by those recently diagnosed and we can confidently offer words of encouragement and hope of survival. This partnership along with many others allows us to fulfill our mission of “saving lives through breast cancer”.

Any questions regarding the **B2 Fashions Inc.** partnership may be directed to Dawn Hamilton, Fund Development via email dhamilton@bcsc.ca.

Sincerely,

Marsha Davidson
Executive Director
Breast Cancer Society of Canada
